

HOUSING

STUDY

The Village of Shorewood Community Development Authority is currently conducting a **Housing Market Study and Needs Analysis** along with project consultants, Novogradac Consulting LLP, to help decision makers, stakeholders, and community members better plan for the future. Public participation is a vital part of this process and the Village wants your input!

Join us for one of two Town Hall meetings on **Thursday, November 7th at 1:00 pm and 6:00 pm** at the Village Center to discuss housing issues in the community; such as:

- What do you see as the primary housing need in the community;
- What types of housing projects would you support;
- Where within the community would you like to see those projects developed; and,
- What does housing affordability mean to you?

These public engagement meetings are open to anyone who lives, wants to live and/or works in the village of Shorewood. We expect to engage a broad audience of stakeholders throughout the process and hope to see you there!

Further information, including an online survey will be available at www.villageofshorewood.org/housingstudy. The project is expected to wrap up in early 2020 in anticipation of additional strategic planning. If you have any questions, contact Bart Griepentrog, Planning Director at bgriepentrog@villageofshorewood.org.
