The Village of Shorewood Community Development Authority is currently conducting a **Housing Market Study and Needs Analysis** along with project consultants, Novogradac Consulting LLP, to help decision makers, stakeholders, and community members better plan for the future. Public participation is a vital part of this process and the Village wants your input!

This study aims to dive into some of the following:

- What do you see as the primary housing need in the community;
- What types of housing projects would you support;
- Where within the community would you like to see those projects developed; and,
- What does housing affordability mean to you?

The project is expected to wrap up in early 2020 in anticipation of additional strategic planning. If you have any questions, contact Bart Griepentrog, Planning Director at [bgriepentrog@villageofshorewood.org](mailto:bgriepentrog@villageofshorewood.org).
