

**Request for Proposal – Addendum
Streetscape Maintenance
Village of Shorewood
February 26, 2021**

The following task item shall be included in the scope of work and fee. Text in bold identifies added item.

Task 1 Maintenance

Maintenance shall consist of control of weeds, edging, mulching, bulb foliage removal, fertilization, soil building, pruning, IPM, debris removal, litter control, deadheading, biofiltration care, plant replacement, and monitoring adequate and appropriate irrigation and any other procedures consistent with good horticultural practice necessary to ensure normal, vigorous, and healthy growth of landscape plantings.

1. Control of Weeds- Use cultural methods (mulch, proper pruning, proper irrigation) to encourage plant health and growth and discourage weeds. Keep planter beds and tree wells free of weeds and debris on a rotational basis, bi-weekly throughout the growing season by hand pulling or other mechanical means. Entire corridor shall be weeded by hand or mechanical weeding methods that remove the roots at least once monthly. **Weed control in the median paver areas shall include bi-weekly weed knock-down using string trimmer.**
